Why Kingsbridge?

The Kingsbridge Private Hospital Group offers patients five star treatment for all their medical and surgical needs.

Guided by the needs of our patients and their families, we aim to deliver the highest level of care with our three tenets of safety, patient focus, and efficiency forming the foundation of our approach.

With locations in both the North and South of Ireland, the Kingsbridge Private Hospital Group is made up of 4 hospitals which host a range of inpatient and outpatient services and 2 dedicated diagnostic and treatment centres.

Belfast

5-Star Treatment & Care

Alongside our main hospital is a dedicated **Outpatients Clinic** featuring advanced diagnostic facilities. Located at the bottom of the Lisburn Road are **No.6 and No.10 - 12 Lisburn Road** which host further consultation and treatment rooms for private and WLI patients.

Offering enhanced services and procedures including hip and knee replacements, cataracts and general surgeries, Kingsbridge patients can feel reassured they are receiving the highest level of care from a dedicated team of healthcare specialists.

“6 weeks after same day hip surgery I am back gardening, pain free and enjoying a good night’s sleep. Incredible service!”

Trevor Warde
Hip Replacement Patient

Women's Health Hub

Wellness for Every Woman, at Every Stage

At Kingsbridge, our Women's Health Hub is a dedicated space designed to support women's unique healthcare needs at every stage of life, providing resources, support, and expert guidance to help women take charge of their health whether that be at work or at home, for themselves or for a relative or friend. With private, discreet consultations and state-of-the-art facilities, we provide a compassionate and comprehensive approach to women's health.

Explore our services, treatments and healthcare specialists at [kingsbridgeprivatehospital.com/womenshealth](https://www.kingsbridgeprivatehospital.com/womenshealth)

Kingsbridge Cancer Diagnostics Clinic

at Belfast & Ballykelly

At Kingsbridge we are prepared and equipped to provide early cancer diagnoses. If you have a general concern we can arrange a consultation with one of our experienced GPs. If your concern relates to a more specific area of the body we will then arrange a consultation with one of our consultants who can help diagnose in the following cancers:

- Skin Cancer
- Bowel Cancer
- Breast Cancer*
- Urological Cancers (Prostate, Kidney, Bladder & Testicular Cancer)
- Gynaecological Cancers (Cervical, Ovarian & Womb Cancer)
- Gastrointestinal Cancers (Stomach & Oesophageal Cancer)

*At this time Mammography is not being offered at Kingsbridge Private Hospital, however if we do find something of concern we can refer you to breast screening services with a specialist local provider.

Why Use Our Cancer Diagnostics Clinic?

- 30 minute appointment with one of our GPs
- On-site access to over 400 Consultant Specialists
- Rapid access to MRI, CT, X-Ray, Endoscopy and Ultrasound
- Scans and diagnostics may be covered by private health insurance
- Our GPs and Consultants follow the approved NICE guidelines when making any diagnosis

Please note our cancer diagnostic service initially requires a face-to-face GP appointment. Should you be referred for additional tests, screening or scans then additional costs will be incurred. You will be advised of these costs prior to any further appointments being made.

Kingsbridge Physiotherapy Clinics

at Belfast & Ballykelly

Physiotherapy is an important part of our patients journey to recovery. At Kingsbridge we believe in getting our patients back to their full health as quickly and as effectively as possible.

Across our hospitals in Belfast and Ballykelly we have an extended and specialised physiotherapy team of Ward and Sports & Musculoskeletal Physiotherapists that look after pre and post operative rehabilitation.

Sports Injuries & Performance

At our dedicated **Physiotherapy & Sports Injury Clinic** patients will receive bespoke treatment plans across a range of injuries.

Services include Athlete Profiling for teams and individuals, Acupuncture, Shockwave Therapy, Hydrotherapy and more. Patients can seamlessly access diagnostics and surgery at our hospitals in Belfast or Ballykelly if required.

Visit kingsbridgephysiotherapyclinic.com for further information.

At Queen's PEC

Female Pelvic Health

Pelvic health, core and body training can significantly improve quality of life. Our Women's Health Physiotherapists across Belfast and Ballykelly offer bespoke pelvic health assessments and rehab plans to postnatal women, and to those experiencing symptoms during the menopause or exercise, irrespective of having children or not.

We are

- Paediatric eye assessments

Private Healthcare is for Everyone!

At Kingsbridge Healthcare Group we want our patients to have a seamless journey from start to finish, therefore we offer several payment options.

So whether you want to self-fund your treatment or go through your private health insurance provider, availing of our services couldn't be easier. We also offer **Treatment Payment Plans*** giving you the opportunity to spread the cost over a time period to suit you.

Self-Funded Patients Journey

Kingsbridge Private Hospital is covered by all the main health insurance providers. Please check with your current insurance provider for confirmation before proceeding with treatment.

Insured Patients Journey

Visit [kingsbridgeprivatehospital.com](https://www.kingsbridgeprivatehospital.com) for further information on our payment options and health insurance partners.

Spread the cost of your treatment

Are you considering treatment, but are unsure about the best way to pay for it?

If so, you might be interested in the simple payment plans we offer to help fund your treatment, allowing you to spread the cost over a time period to suit you.

At Kingsbridge there are two options available when it comes to financing treatment or surgery.

We work alongside CCU Credit Union and Chrysalis Finance meaning you now have more choice when it comes to paying for your treatment or surgery.

Benefits of a Chrysalis loan*

Loans ranging from £350 to £25,000 (subject to eligibility)

Fixed APR with no hidden costs

Terms ranging from 2-5 years

Payment is made directly to Kingsbridge Private Hospital

Simple application process

*T&Cs apply. Information is correct as of January 2025 and is subject to change.

I was totally satisfied with my experience at Kingsbridge Private Hospital, so no complaints. From the first day that I contacted you to my discharge I was met with nothing but competence, politeness and friendliness at all times. I look forward to my review visit and to seeing you all again. Thank you!

The new wards were very spacious and well set out. They were impeccably clean! The staff, catering, nurses, doctors and the Consultant who carried out the procedure couldn't have been more professional, reassuring and friendly. Pain levels post-surgery were well managed. I could not fault them at all. A very good experience!
